

Tender'08

The IAGt Association invites tenders for promotion geotourism and mining tourism
in the following categories:

- a) **Film/video** *
- b) **audio** **
- c) **publicity materials (3D)** ***
- d) **publicity materials (2D)** ***

The deadline for the submitted works in the contest is set for June 1st, 2009.

Terms of the contest:

1. The contest can be entered by any subject representing a nonpublic person, business subject, public, state or non-governmental organization.
2. The physical or legal entity is supposed to provide his name, the name and address of the organization, type of the organization, bank connection, a brief written summary of the submitted work in English, and its category in the competition.
3. The submitted work is expected to be presentable by means of regularly available technical devices: computer, video, DVD, audio appliances, as well as posters, designs, drafts, pictures, resp. 3D items (statues, statuettes, figures, ...) etc.
4. A written and signed agreement with the following requirements:
 - 4.1. The work intended for the contest will be created and sent to the competition at the originator's own costs. The Association has the right to present the registered works at its own events during a 5-year period after the tender closure; the sales income over the 5-year time will be divided at the ratio of 50% to 50% between the work creator and the Association. The mutual income rendering will be carried out at the bid of the IAGt always by December 31st in the current year. Invoicing and payments will be completed by March 31st in the following year after the mutual inclusion of earnings of the work originator and the Association.
 - 4.2. The advertisement of the work will be implemented independently of each other by both: the author and the Association. During its own enterprises and the enterprises attended as a coordinator, the IAGt will have the right of the full use of all submitted works, with the right to establish special sales of the tender products as well.

Criteria according to which submitted works will be judged:

1. complying with the contest rules, originality of the completed work, usability in public, pointing out the the Association's domain of interest (geotourism and mining tourism), and the IAGt itself.
2. The jury will announce the winners of gold, silver and bronze medals in particular categories. In addition, there will be plaques awarded for the most original creation, for the finest work on a child subject, for the most beautiful work in the category up to the age of 18, for the most distinctive work, and a special prize donated by the President of the IAGt Association.

* *A film/video presentation of up to 3 minutes' length, with the accessible projection apparatus, TV or computer screens. The presentation can picture real or virtual reality whose goal is to promote geoand mining tourism.*

** *An audio presentation of a maximum 1-minute duration, aspiring to be used as a theme and/or signature tune, performed each time before opening the IAGt Association session or during other activities taking place under the patronage of the Association.*

*** *Publicity materials 3D/2D available for sale in the form of souvenirs or items promoting the IAGt Association, geo and mining tourism.*

The jury of five members will have been named by May 1st, 2009. The results will be released at the management session of the IAGt Association in Cyprus in June of the same year.

During the Geotour' 2009 congress in the High Tatras, Slovakia, all the awarded works, plus some of the chosen creations, will be presented at a special section of the International conference Geotour' 2009.
